2. Eligibility & Claiming

- Participants must meet the eligibility criteria set by MH Markets to take part in the Spin & Win activity.
- The reward will be credited automatically to the client's trading account, subject to KYC verification.
- Each client is entitled to one (1) reward under this promotion. Duplicate entries, multiple accounts, or attempts to claim more than one reward will result in disqualification.
- Clients must complete KYC verification before any withdrawal request can be processed.

3. Reward Tiers & Trading Volume Requirements

To unlock withdrawal eligibility on a Prime Funded Account reward, clients must complete KYC verification and fulfill the minimum trading volume below.

Reward	Minimum Trading Volume Required
USD 100 Prime Funded Account	3 standard lots
USD 1,000 Prime Funded Account	20 standard lots

- Only **valid trading activity** counts toward the required volume. Valid trading activity means trades executed in the ordinary course of trading, excluding any activity described as abnormal, invalid, manipulated, or prohibited under Section 4 below.
- Trades held for less than three (3) minutes (180 seconds) are excluded from volume calculations and do not count toward the requirement.

4. Prohibited Trading Practices

Clients must not engage in abusive or prohibited trading practices during the Promotion Period. Prohibited practices include, but are not limited to:

- Scalping or short-term instant trading conducted as a pattern intended to inflate volume artificially (note: individual trades under 3 minutes are simply excluded from volume count per Section 3; this clause addresses deliberate patterns of abuse).
- Hedging abuse.
- Latency arbitrage.
- Churning or abusive volume generation.
- Any other activity intended to exploit the promotion unfairly.

Where MH Markets identifies abnormal, invalid, or manipulated trading activity, such activity will be excluded from promotion calculations, and the client may be subject to the actions outlined in Section 6.

5. Withdrawal Conditions

- Clients who receive a Prime Funded Account reward must satisfy all applicable KYC and trading volume requirements before requesting any withdrawal.
- Failure to meet these requirements will result in the client not being eligible to withdraw profits generated from the promotional account.
- This promotion cannot be combined with other MH Markets promotions.

6. MH Markets' Rights

If MH Markets determines that a client has violated these Terms & Conditions or abused the Spin & Win Promotion, MH Markets reserves the right to:

- Cancel or revoke the reward.
- Deduct any related profits generated through the promotion.
- Restrict the client's participation in current or future promotions.
- Disqualify the client and exclude related trading activity from promotion calculations.

MH Markets may modify, suspend, or terminate the Spin & Win Promotion at any time, without prior notice. All decisions regarding eligibility, reward qualifications, and promotion administration are final and at MH Markets' sole discretion. All rewards are subject to availability.
